Job of the week

Zoologist

<https://nationalcareers.service.gov.uk/job-profiles/zoologist>

Zoologists study animals and their behaviour

Qualifications:

- ✓ University - You could study for a degree in a subject like: zoology, animal ecology, animal behaviour, conservation, marine biology or environmental biology. You'll need a relevant postgraduate qualification like a masters degree or PhD for some jobs, particularly in research.
- ✓ Entry requirements - 2 or 3 A levels, or equivalent, including biology for a degree and a degree in a relevant subject for postgraduate study

Working hours: 38 to 40 hours a week

Salary: Average salary starts at £18,000 and can raise up to £48,000

Key Terminology

Traineeship = A traineeship is a course with work experience that prepares young people for work or an apprenticeship. It can last up to 6 months. Eligibility is for those aged 16-24, who are unemployed and have little or no work experience.

Labour Market Information

Next steps knowledge

National Careers Week

National Careers Week (NCW) is a five-day celebration of careers guidance. The aim is to provide a focus for careers guidance activity at an important stage in the academic calendar to help support young people develop awareness and excitement about their future pathways. NCW is a great opportunity for parents to get familiar with routes their child can take into the workplace. In 'The Parents' Guide to NCW' attached to the email, you will get an overview of what's available for 16 to 18 years old and beyond.

As part of National Careers Week, The TCR Hub welcomed us to a Careers Fair involving local businesses, colleges, universities and apprenticeship providers. Students spoke to the providers, completed quizzes and had an opportunity to ask any questions they had. A big well done to Charlie who won the logo competition and received a £50 highstreet voucher kindly awarded by Applied Design.

Spotlight

Skill spotlight - Creativity

<https://www.indeed.com/career-advice/career-development/creativity-skills#text=Creativity%20is%20a%20valuable%20workplace%20skill&from=develop&from=develop>
Creativity is a valuable workplace skill because it can be a useful tool for developing new ideas, increasing efficiency and devising solutions to complex problems. While you may have natural creativity skills in certain forms, it is a skill that can be learned and developed over time.
