Job of the week

Environmental Engineer

<https://www.prospects.ac.uk/job-profiles/environmental-engineer>

Environmental engineers are involved in managing and reducing waste and minimising pollution in order to protect, restore and preserve the planet

Qualifications:

- ✓ 4 or more GCSEs grades 9-4
- ✓ 2 A Levels or BTEC equivalent
- ✓ Degree in a relevant subject such as civil engineering or environmental engineering

Working hours: As environmental engineering often requires a lot of site work and travel, hours can be irregular. You may be expected to stay away from home overnight, or sometimes for longer, perhaps weeks or even months, depending on the project. Most environmental engineers work full time and you'll usually be expected to work around 40 hours per week.

Salary: Starting salaries for environmental engineers are typically between £18,000 and £28,000. Experienced engineers can earn between £28,000 and £45,000. Salaries for project engineering managers or chartered engineers typically range from £40,000 to £60,000 or more.

Key Terminology

FE Colleges – Further Education Colleges - includes any study after secondary education that isn't part of higher education (HE), i.e. it doesn't form part of an undergraduate or graduate degree. These post-secondary school qualifications are delivered by FE, sixth form and specialist colleges that aim to provide top quality academic, technical and professional education and training for both young people and adults.

Green Careers Week

<https://greencareersweek.com/organisations/>

Green Careers Week 7th November – 12th November 2022. The aim of Green Careers Week (GCW) is to raise awareness of green career jobs and pathways linked to sustainability and Net Zero challenges (programme of reducing carbon footprint). The purpose of GCW is also to provide young people with an empowering vision for their future career.

Spotlight

Employer: Hays Travel

<https://careers.haystravel.co.uk/>

Hays Travel is the UK's largest independent travel agent with over 42 years' experience, employing over 4000 people, with 461 retail branches and a state of the art Head Office in Sunderland. With a Franchise, Independence Group and Homeworking model operating throughout the country, they are a major player in the Travel industry. Hays Travel have many accolades that recognise the great service they provide to their customers and they do this by being an employer of choice. If you enjoy working with people and you are looking for a diverse and rewarding career in a friendly, fun, family organisation, then Hays Travel would love to hear from you. There are opportunities for everyone; from retail travel sales, to call centre opportunities to various roles that are operated at their Head Office. They are also a leading apprenticeship provider who enable over 500 apprenticeships annually.
