

July 2026

Dear parent/carers,

As we reach the end of term, I wanted to thank you for your support this year and commend students for their efforts. We can now look forward to a summer break that will hopefully bring you some fun, rest and relaxation. The purpose of this letter is to assuage some potential anxiety and or confusion that may be caused when we return in September. Usually, in the last week of the summer holidays, students are able to see their new timetables on their EASI account. They like to see which teachers they will have and what class they will be in and so on.

It is important to note that from September we will be making changes to the way we band students. This is mainly to ensure that students are in a maths or English class that best enables them to achieve their potential. So, if students see their class code for next year and think they have been moved to a different class, this is most likely not the case. We have changed the class codes and the way the timetable is constructed we have not moved whole groups of students from one class to another. Please keep this in mind when new timetables go live. Ordinarily this letter would have been sent in September, but I am aware that students often look at their EASI account before this and did not want any of them to feel unduly worried or concerned.

Yours,

Dr S Henderson
Deputy Headteacher & Head of 6th Form
