

Termly Alumni

Focus

Term 2 – April 25

Did you go to Teesdale? Willing to share your career path? Please email Bethany.ward@teesdaleschool.co.uk

Here at Teesdale, we are interested in the role that our School has played in the lives of our alumni and each term we will publish a profile that explores qualifications, experiences and trace career paths.

Meet Alfie Matthews ...

Qualifications

My A Levels were in Biology, Maths and Geography.

I also have:

- 9 GCSE's grade 6 and above
- Bsc in Project Controls pending
- Value Management Qualification
- APMG Project Planning and Control Practitioner

Career

What is your current job/career path?

I am currently an [Apprentice Project Controls Engineer with Turner and Townsend](#) which is one of the world's largest construction management consultancies. I plan to qualify, become chartered, and continue developing my skill set.

Currently working on the West Yorkshire Mass Transit Programme offering scheduling, Risk Management and Data Driven Intelligence to the client with the aim of providing the region with state-of-the-art transport.

How did you get to your choice of career?

I knew the industry which I wanted to get into based off my interests. I then researched the companies in this sector and looked if they offered apprenticeships. I personally wanted a level 6 apprenticeship to ensure I still went to university.

What are you plans for your future in careers?

I plan to continue growing my skill set so I have a range of capabilities for any project and then I aim to work abroad to experience different cultures and projects.
